Scoot Pittman

Don't miss Scoot's rare, all original show!
Even if you've never heard Scoot's original tunes,
you'll swear you recognize these instant classics.

Winter Acoustic Series

An old, renovated Train Depot full of great art is cool. That same Depot alive with great music — well that's just *the* place to be. Realizing this, the Gaston County Museum is building on their successful Blues out Back concert series and introducing *Music at the Depot the Winter Acoustic Series* — intimate performances by some of Gaston County's most beloved musicians. Reserve your tickets early, because space is limited for these three fantastic shows!
