Books About Cats and Kittens

Cat Secrets by Jef Czekaj
Big Cat by Ethan Long
What Will Fat Cat Sit On? by Jan Thomas
Thumpy Feet by Betsy Lewin
Mr. Wuffles by David Wiesner

Finger Puppet

Color the finger puppet below and cut it out. Ask a grown-up to help you cut out the holes for your fingers. Use your finger puppet to retell the story or make up your own!

The Gaston County Public Library owns all of the titles listed in print and/or digitally.

Books about the Moon

Moon: A Peek Through Picture Book by Britta Teckentrup
The Moon's Almost Here by Patricia MacLachlan
Field Trip to the Moon by John Hare
A Big Mooncake for Little Star by Grace Lin
If You Had Your Birthday Party on the Moon by Joyce Lapin (nonfiction)

Make Your Own Moon Sand!

Ingredients:
 4 cups of flour
 1/2 cup oil (we used canola oil)
 Food coloring (optional)

1. Measure out the flour into a large bowl. Measure out the oil. If you would like your sand to have a color, add the food dye to the oil and mix. The dye won't dissolve because it is water based, but will look like droplets. Even though the oil and dye don't blend, combining them before adding to the flour helps distribute them more evenly.
2. Mix the oil with the flour. The mixture will be dry so it may take a few minutes to mix everything together. Once the color is completely mixed in, and the mixture molds together when you roll it into a ball, it is ready to play with!

Moon Shapes

The moon can look like different shapes. Can you draw some ways the moon might look below?
